EXPERIENCE

Software Engineer Remote From Kabul · 2026 – Present

PROFITWAVE360 LLC

Driving website modernization, SEO optimization, and performance improvements as a Software Engineer at Profitwave360 LLC, delivering enhancements that contributed to a 30%+ improvement in key web vitals and organic visibility.

Full Stack Developer Remote From Kabul · 2024 – 2026

BLISSIO.AI

Led the backend team at blissio.ai , architecting and shipping production APIs. Managed full application and API deployments for the entire platform across 3 cloud providers (Azure, Google Cloud, Digital Ocean) using Docker. Deployed and maintained multiple AI models on Azure and Google Cloud while owning end-to-end DevOps and CI/CD. Later contributed to the React Native mobile frontend.

Full Stack Developer Kabul, Afghanistan · 2023 – 2024

ASEEL TECHNOLOGY INCORPORATION

Progressed through three distinct roles at AseelApp over 12 months: started as a Backend Developer building core APIs, transitioned to React Native mobile development on the Aseel Atalan app, then led frontend development on the main web platform, collaborating with cross-functional teams throughout.

Full Stack Developer Kabul, Afghanistan · 2023 – 2023

MCCO AF

Built and launched MCCO's official website from the ground up as the sole Full-Stack Developer. Designed the full-stack architecture using Next.js, Tailwind CSS, and MongoDB, and managed the complete application deployment, delivering a production-ready platform in under 3 months.
